

# Civil CAD Technician

- Vibrant consultancy in rapid growth mode
- Contribute to a wide range of projects
- Opportunity to develop your career

**Envivo** is a multi-disciplinary consultancy that provides market leading professional services in Engineering, Surveying and Planning to a wide range of property development, construction and institutional clients.

The Civil CAD Technician provides a valuable contribution to our engineering designs.

## Responsibilities

- Prepare design sketches and marked up plans for civil engineering projects using Civil 3D
- Assist with developing design draughting procedures, templates and standards
- Work within agreed timeframes, project specifications and set budgets

## Skills/Experience Required

- 2+ years related experience in civil design
- High level of proficiency with AutoCAD Civil 3D
- Professional and confident interaction with clients and staff
- Committed to delivering high standards of professional engineering excellence
- Excellent verbal and written communication skills
- Able to remain calm under pressure with flexibility to meet changing demands

Envivo values people who enjoy working collaboratively in a team environment. We have a commitment to career development, a focus on professional standards and on achieving successful outcomes for our clients.
