

Revit Modeller

- Exciting opportunity to develop market leading skills
- Vibrant consultancy in rapid growth mode, based in Auckland
- Lead and contribute to a wide range of projects

Envivo is a multi-disciplinary consultancy that provides market leading professional services in Engineering, Surveying and Planning to a wide range of property development, construction and institutional clients.

The Revit Modeller is a pivotal role with the responsibility of developing CAD procedures and providing a valuable contribution to our CAD designs. An understanding of BIM and its potential to enhance our service delivery to clients is essential.

Responsibilities

- Undertake structural CAD draughting design of medium to large projects
- Develop design draughting procedures, templates and standards
- Advise and implement technology and system improvements to CAD tools
- Work within agreed timeframes, project specifications and set budgets
- Liaise with clients, consultant team and territorial authorities
- Promote BIM as an enhanced service offering to our clients

Skills/Experience Required

- Excellent verbal and written communication skills
- Minimum 3 years related experience
- High level of proficiency with Revit
- Professional and confident interaction with clients and staff
- Committed to delivering high standards of professional engineering excellence
- Able to remain calm under pressure with flexibility to meet changing demands

Envivo values people who enjoy working collaboratively in a team environment. We have a commitment to career development, a focus on professional standards and on achieving successful outcomes for our clients. If you're looking for a new challenge, enjoy a close partnership with clients and like sharing with your colleagues both your knowledge and a laugh, then contact us today.

You must be eligible to work in NZ to apply for this role.
